## LTS Research Laboratories, Inc. Safety Data Sheet Molybdenum Selenide

| 1. Product and Company Identification     |   |
|---|---|
| Trade Name:                               | Molybdenum selenide   |
| Chemical Formula:                         | $MoSe_2$  |
| Recommended Use:                          | Scientific research and development                                   |
| Manufacturer/Supplier:                    | LTS Research Laboratories, Inc.                                       |
| Street:                                   | 37 Ramland Road   |
| City:                                     | Orangeburg  |
| State:                                    | New York  |
| Zip Code:                                 | 10962   |
| Country:                                  | USA   |
| Tel #:                                    | 855-587-2436 / 855-lts-chem   |
| 24-Hour Emergency Contact:                | 800-424-9300 (US & Canada)  |
|   | +1-703-527-3887 (International)                                       |
|   | 2. Hazards Identification   |
| Signal Word:                              | Danger  |
|   |   |
|   |   |
|   |   |
|   |   |
|   | - Jare Vich   |
|   | La la constrias, inc.   |
| Hazard Statements:                        | H301+H331: Toxic if swallowed or if inhaled                           |
|   | H373: May cause damage to the central nevous system, the liver and    |
|   | the digestive system through prolonged or repeated exposure. Route of |
|   | exposure: Oral, Inhalative  |
| Precautionary Statements:                 | P260: Do not breathe dust/fume/gas/mist/vapours/spray                 |
|   | P301+P310: IF SWALLOWED: Immediately call a POISON CENTER             |
|   | or doctor/physician   |
|   | P304+P340: IF INHALED: Remove victim to fresh air and keep at rest    |
|   | in a position comfortable for breathing                               |
|   | P405: Store locked up   |
|   | P501: Dispose of contents/container in accordance with                |
|   | local/regional/national/international regulations                     |
| HMIS Health Ratings (0-4):                |   |
| Health:                                   | 2   |
| Flammability:                             | 0   |
| Physical:                                 | 1   |
|   | 3. Composition  |
| Chemical Family:                          | Ceramic   |
| Additional Names:                         | Molybdenum (IV) selenide, molybdenum diselenide                       |
| Molybdenum selenide (MoSe <sub>2</sub> ): | 100 - 10/   |
| Percentage:                               | 100 wt%   |
| CAS #:                                    | 12058-18-3  |
| EC #                                      | 225 027 0   |

235-027-9

|                                  | 4. First Aid Procedures   |
|----------------------------------|---|
| General Treatment:               | Seek medical attention if symptoms persist.   |
| Special Treatment:               | None  |
| Important Symptoms:              | None  |
| Inhalation:                      | Remove victim to fresh air. Supply oxygen if breathing is difficult.  |
|                                  | Remove breathing apparatus only after contaminated clothing has been  |
| · .                              | completely removed.   |
| Ingestion:<br>Skin:              | Do not induce vomiting, Seek immediate medical attention.<br>Wash affected area with mild soap and water. Remove any                      |
| SKIII.                           | contaminated clothing.  |
| Eyes:                            | Flush eyes with water, blinking often for several minutes. Remove   |
|                                  | contact lenses if present and easy to do. Continue rinsing  |
|                                  | 5. Firefighting Measures  |
| Flammability:                    | Non-flammable   |
| Extinguishing Media:             | CO <sub>2</sub> , extinguishing powder or water spray. Fight larger fires with water  |
| Serve Pier Piet/in Deces 1 and   | spray or alcohol resistant foam.  |
| Spec. Fire Fighting Procedure:   | Use full-face, self-contained breathing apparatus with full protective clothing to prevent contact with skin and eyes. See section 10 for |
|                                  | decomposition products.   |
|                                  | 6. Accidental Release Measures  |
| If Material Is Released/Spilled: | Wear appropriate respiratory and protective equipment specified in  |
|                                  | special protection information. Isolate spill area and provide  |
|                                  | ventilation. Vacuum up spill using a high efficiency particulate absolute (HEPA) air filter and place in a closed container for disposal. |
|                                  | Take care not to raise dust.  |
| Environmental Precautions:       | Isolate runoff to prevent environmental pollution.  |
|                                  | 7. Handling and Storage   |
| Handling Conditions:             | Wash thoroughly after handling.   |
| Storage Conditions:              | Store in a cool dry place in a tightly sealed container. Store apart from   |
|                                  | materials and conditions listed in section 10.  |
| Work/Hygienic Maintenance:       | Do not use tobacco or food in work area. Wash thoroughly before<br>eating and smoking. Do not blow dust off clothing or skin with         |
|                                  | compressed air.   |
| Ventilation:                     | Provide sufficient ventilation to maintain concentration at or below  |
|                                  | threshold limit.  |
| 8.                               | Exposure Controls and Personal Protection   |
| Permissible Exposure Limits:     | $0.2 \text{ mg/m}^3$ as Se, long-term value   |
| Threshold Limit Value:           | $0.2 \text{ mg/m}^3$ as Se, long-term value   |
| Special Equipment:               | None  |
| Respiratory Protection:          | Dust Respirator   |
| Protective Gloves:               | Rubber gloves   |
| Eye Protection:                  | Safety glasses or goggles   |
| Body Protection:                 | Protective work clothing. Wear close-toed shoes and long  |
|                                  | sleeves/pants.  |

|                                   | Physical and Chemical Characteristics                                       |
|-----------------------------------|---|
| Color                             | Dark grey   |
| Form:                             | Powder, Granules, Pellets, Sputtering target, Custom parts                  |
| Odor:                             | Odorless  |
| Water Solubility:                 | Insoluble   |
| Boiling Point:                    | N/A   |
| Melting Point:                    | 1200 °C   |
| Flash Point:                      | N/A   |
| Autoignition Temperature:         | N/A   |
| Density:                          | 6.0 g/cc  |
| Molecular weight:                 | 253.86 g/mol  |
|                                   | 10. Reactivity  |
| Stability:                        | Stable under recommended storage conditions                                 |
| Reacts With:                      | Oxidizing agents  |
| Incompatible Conditions:          | None  |
| Hazardous Decomposition Products: | Metal oxide fume  |
|                                   | 11. Toxicological Information   |
| Potential Health Effects:         |   |
| Eyes:                             | Causes irritation   |
| Skin:                             | Causes irritation   |
| Ingestion:                        | Toxic   |
| Inhalation:                       | Toxic   |
| Chronic:                          | N/A   |
|                                   | Persent   |
| Signs & Symptoms:                 | N/A horatorias, inc.  |
| Aggravated Medical Conditions:    | N/A   |
|                                   |   |
| Median Lethal Dose:               | N/A   |
| Carcinogon                        | EPA-D: Not classifiable as to human carcinogenicity: inadequate             |
| Carcinogen:                       |   |
|                                   | human and animal evidence of carcinogenicity or no data are available       |
|                                   | NTP-R: Reasonably anticipated to be a carcinogen, limited evidence o        |
|                                   | carcinogenicity from epidemiologic studies.                                 |
|                                   | IARC-3: Not classifiable as to carcinogenicity to humans.                   |
|                                   | Selenium may cause amyotrophic lateral sclerosis, bronchial irritation,     |
|                                   | gastrointestinal distress, vasopharyngeal irritation, garlic odor on breat  |
|                                   | and sweat, metallic taste, pallor, irritability, excessive fatigue, loss of |
|                                   | fingernails and hair, pulmonary edema, anemia and weight loss.              |
|                                   | Acute molybdenum poisoning may cause severe gastrointestinal                |
|                                   | irritation, diarrhea, coma and death from cardiac failure. Chronic          |
|                                   | molybdenum poisoning in laboratory animals has caused loss of               |
|                                   | weight, anorexia, anemia, deficient lactation, male sterility,              |
|                                   | osteoporosis and bone joint abnormalities.                                  |
|                                   |   |

|  | 12. Ecological Information   |
|--|--|
| Aquatic Toxicity:                      | High   |
| Persistent Bioaccumulation Toxicity:   | No   |
| Very Persistent, Very Bioaccumulative: | No   |
| Notes:                                 | Very toxic for aquatic organism.   |
|  | May cause long lasting harmful effect on aquatic life.   |
|  | Do not allow material to be released to the environment without proper governmental permits.             |
|  | Do not allow product to reach any water sources.   |
|  | Danger to drinking water if even extremely small quantities leak into the ground.                        |
|  | Also poisonous for fish and plankton in water bodies.  |
|  | Do not allow undiluted product or large quantities to reach ground water, water course or sewage system. |
|  | Avoid transfer into the environment.   |
|  | 13. Disposal Considerations  |

Dispose of in accordance with local, state, national, and international regulations.

| 14. Transportation Data        |   |  |
|--------------------------------|---|--|
| Hazardous:                     | Hazardous for transportation.                       |  |
|                                |   |  |
| Hazard Class:                  | 9 Miscellaneous dangerous substances and articles.  |  |
| Packing Group:                 | III   |  |
| UN Number:                     | UN3077  |  |
| Proper Shipping Name:          | Environmentally hazardous substances, solid, n.o.s. |  |
|                                | (Molybdenum(IV) selenide)                           |  |
|                                | 15. Regulatory Information                          |  |
| Sec 302 Extremely Hazardous:   | No  |  |
| Sec 304 Reportable Quantities: | N/A   |  |
| Sec 313 Toxic Chemicals:       | Yes   |  |
|                                | 16. Other Information                               |  |

This safety data sheet should be used in conjunction with technical sheets. It does not replace them. The information given is based on our knowledge of this product, at the time of publication. It is given in good faith. The attention of the user is drawn to the possible risks incurred by using the product for any other purpose other than that for which it was intended. This does not in any way excuse the user from knowing and applying all the regulations governing his activity. It is the sole responsibility of the user to take all precautions required in handling the product. The aim of the mandatory regulations mentioned is to help the user to fulfill his obligations regarding the use of hazardous products.
