LTS Research Laboratories, inc.

LTS Research Laboratories, Inc. Safety Data Sheet Vanadium Carbide

	1. Product and Company Identification
Trade Name:	Vanadium carbide
Chemical Formula:	VC
Recommended Use:	Scientific research and development
Manufacturer/Supplier:	LTS Research Laboratories, Inc.
Street:	37 Ramland Road
City:	Orangeburg
State:	New York
Zip Code:	10962
Country:	USA
Tel #:	855-587-2436 / 855-lts-chem
24-Hour Emergency Contact:	800-424-9300 (US & Canada)
	+1-703-527-3887 (International)
	2. Hazards Identification
Signal Word:	Warning
Hazard Statements:	H315 Causes skin irritation H319 Causes serious eye irritation H228: Flammable solid
	H335: May cause respiratory irritation
Precautionary Statements:	H335: May cause respiratory irritation P210: Keep away from heat/sparks/open flames/hot surfaces – No
Precautionary Statements:	H335: May cause respiratory irritation P210: Keep away from heat/sparks/open flames/hot surfaces – No smoking
Precautionary Statements:	H335: May cause respiratory irritation P210: Keep away from heat/sparks/open flames/hot surfaces – No smoking P261 Avoid breathing dust/fume/vapor
Precautionary Statements:	H335: May cause respiratory irritation P210: Keep away from heat/sparks/open flames/hot surfaces – No smoking P261 Avoid breathing dust/fume/vapor P280: Wear protective gloves/protective clothing/eye protection/face
Precautionary Statements:	 H335: May cause respiratory irritation P210: Keep away from heat/sparks/open flames/hot surfaces – No smoking P261 Avoid breathing dust/fume/vapor P280: Wear protective gloves/protective clothing/eye protection/face protection
Precautionary Statements:	 H335: May cause respiratory irritation P210: Keep away from heat/sparks/open flames/hot surfaces – No smoking P261 Avoid breathing dust/fume/vapor P280: Wear protective gloves/protective clothing/eye protection/face protection P305+P351+P338: IF IN EYES: Rinse cautiously with water for
Precautionary Statements:	 H335: May cause respiratory irritation P210: Keep away from heat/sparks/open flames/hot surfaces – No smoking P261 Avoid breathing dust/fume/vapor P280: Wear protective gloves/protective clothing/eye protection/face protection P305+P351+P338: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do –
Precautionary Statements:	 H335: May cause respiratory irritation P210: Keep away from heat/sparks/open flames/hot surfaces – No smoking P261 Avoid breathing dust/fume/vapor P280: Wear protective gloves/protective clothing/eye protection/face protection P305+P351+P338: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do – continue rinsing
Precautionary Statements:	 H335: May cause respiratory irritation P210: Keep away from heat/sparks/open flames/hot surfaces – No smoking P261 Avoid breathing dust/fume/vapor P280: Wear protective gloves/protective clothing/eye protection/face protection P305+P351+P338: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do – continue rinsing P405: Store locked up
Precautionary Statements:	 H335: May cause respiratory irritation P210: Keep away from heat/sparks/open flames/hot surfaces – No smoking P261 Avoid breathing dust/fume/vapor P280: Wear protective gloves/protective clothing/eye protection/face protection P305+P351+P338: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do – continue rinsing
Precautionary Statements: HMIS Health Ratings (0-4):	 H335: May cause respiratory irritation P210: Keep away from heat/sparks/open flames/hot surfaces – No smoking P261 Avoid breathing dust/fume/vapor P280: Wear protective gloves/protective clothing/eye protection/face protection P305+P351+P338: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do – continue rinsing P405: Store locked up P501: Dispose of contents/container in accordance with
	 H335: May cause respiratory irritation P210: Keep away from heat/sparks/open flames/hot surfaces – No smoking P261 Avoid breathing dust/fume/vapor P280: Wear protective gloves/protective clothing/eye protection/face protection P305+P351+P338: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do – continue rinsing P405: Store locked up P501: Dispose of contents/container in accordance with

Remove contact lenses if present and easy to do – continue rinsing P405: Store locked up P501: Dispose of contents/container in accordance with local/regional/national/international regulations

3. Composition		
Chemical Family:	Ceramic	
Additional Names:	None	
Vanadium carbide (VC):		
Percentage:	100 wt%	
CAS #:	12070-10-9	
EC #:	235-122-5	
	4. First Aid Procedures	
General Treatment:	Seek medical attention if symptoms persist.	
Special Treatment:	None	
Important Symptoms:	None	
Inhalation:	Remove victim to fresh air. Supply oxygen if breathing is difficult.	
Ingestion:	Seek medical attention.	
Skin:	Wash affected area with mild soap and water. Remove any	
P.	contaminated clothing.	
Eyes:	Flush eyes with water, blinking often for several minutes. Remove contact lenses if present and easy to do. Continue rinsing	
	contact lenses if present and easy to do. Continue mising	
	5. Firefighting Measures	
Flammability:	Non-flammable, except as powder	
Extinguishing Media:	Do not use water for metal fires – use CO_2 , sand, extinguishing powder	
Spec. Fire Fighting Procedure:	Use full-face, self-contained breathing apparatus with full protective	
	clothing to prevent contact with skin and eyes. See section 10 for	
	decomposition products.	
	6. Accidental Release Measures	
If Material Is Released/Spilled:	Wear appropriate respiratory and protective equipment specified in	
	special protection information. Isolate spill area and provide	
	ventilation. Vacuum up spill using a high efficiency particulate	
	absolute (HEPA) air filter and place in a closed container for disposal.	
E. in the second second	Take care not to raise dust.	
Environmental Precautions:	Isolate runoff to prevent environmental pollution.	
	7. Handling and Storage	
Handling Conditions:	Wash thoroughly after handling.	
Storage Conditions:	Store in a cool dry place in a tightly sealed container. Store apart from	
Work/Uszienie Mainterer	materials and conditions listed in section 10.	
Work/Hygienic Maintenance:	Do not use tobacco or food in work area. Wash thoroughly before eating and smoking. Do not blow dust off clothing or skin with	
	eating and smoking. Do not blow dust off clothing or skin with compressed air.	
Ventilation:	Provide sufficient ventilation to maintain concentration at or below	

8. Exp	osure Controls and Personal Protection
Permissible Exposure Limits:	N/A
Threshold Limit Value:	N/A
Special Equipment:	None
Respiratory Protection:	Dust Respirator
Protective Gloves:	Rubber gloves
Eye Protection:	Safety glasses or goggles
Body Protection:	Protective work clothing. Wear close-toed shoes and long
body riolection.	sleeves/pants.
9. P.	hysical and Chemical Characteristics
Color	Black
Form:	Powder
Odor:	Odorless
Water Solubility:	Insoluble
Boiling Point:	N/A
Melting Point:	2810 °C
Flash Point:	N/A
Autoignition Temperature:	N/A
Density:	N/A
Molecular weight:	62.95 g/mol
	10. Reactivity
	Stable under recommended storage conditions
Stability:	Stable under recommended storage conditions
Stability: Reacts With:	Oxidizing agents
	Oxidizing agents
Reacts With:	Oxidizing agents
Reacts With: Incompatible Conditions:	Oxidizing agents
Reacts With: Incompatible Conditions:	Oxidizing agents BBBBCCh None Sectorials Inc. Metal oxide fume, Carbon monoxide, Carbon dioxide
Reacts With: Incompatible Conditions: Hazardous Decomposition Products:	Oxidizing agents BBBBCCh None Sectorials Inc. Metal oxide fume, Carbon monoxide, Carbon dioxide
Reacts With: Incompatible Conditions: Hazardous Decomposition Products: Potential Health Effects:	Oxidizing agents established None Metal oxide fume, Carbon monoxide, Carbon dioxide 11. Toxicological Information
Reacts With: Incompatible Conditions: Hazardous Decomposition Products: Potential Health Effects: Eyes:	Oxidizing agents None Metal oxide fume, Carbon monoxide, Carbon dioxide 11. Toxicological Information Causes serious eye irritation
Reacts With: Incompatible Conditions: Hazardous Decomposition Products: Potential Health Effects: Eyes: Skin:	Oxidizing agents None Metal oxide fume, Carbon monoxide, Carbon dioxide 11. Toxicological Information Causes serious eye irritation Causes skin irritation
Reacts With: Incompatible Conditions: Hazardous Decomposition Products: Potential Health Effects: Eyes: Skin: Ingestion:	Oxidizing agents None Metal oxide fume, Carbon monoxide, Carbon dioxide 11. Toxicological Information Causes serious eye irritation Causes skin irritation May cause irritation
Reacts With: Incompatible Conditions: Hazardous Decomposition Products: Potential Health Effects: Eyes: Skin: Ingestion: Inhalation:	Oxidizing agents None Metal oxide fume, Carbon monoxide, Carbon dioxide 11. Toxicological Information Causes serious eye irritation Causes skin irritation May cause irritation May cause irritation
Reacts With: Incompatible Conditions: Hazardous Decomposition Products: Potential Health Effects: Eyes: Skin: Ingestion: Inhalation:	Oxidizing agents None Metal oxide fume, Carbon monoxide, Carbon dioxide 11. Toxicological Information Causes serious eye irritation Causes skin irritation May cause irritation May cause irritation Vanadium compounds act chiefly as an irritant to the eyes and
Reacts With: Incompatible Conditions: Hazardous Decomposition Products: Potential Health Effects: Eyes: Skin: Ingestion: Inhalation:	Oxidizing agents None Metal oxide fume, Carbon monoxide, Carbon dioxide 11. Toxicological Information Causes serious eye irritation Causes skin irritation May cause irritation May cause irritation May cause irritation Vanadium compounds act chiefly as an irritant to the eyes and respiratory tract. Exposure may cause conjunctivitis, rhinitis and
Reacts With: Incompatible Conditions: Hazardous Decomposition Products: Potential Health Effects: Eyes: Skin: Ingestion: Inhalation:	Oxidizing agents None Metal oxide fume, Carbon monoxide, Carbon dioxide 11. Toxicological Information Causes serious eye irritation Causes skin irritation May cause irritation May cause irritation Vanadium compounds act chiefly as an irritant to the eyes and respiratory tract. Exposure may cause conjunctivitis, rhinitis and reversible irritation of the respiratory tract. More severe cases may
Reacts With: Incompatible Conditions: Hazardous Decomposition Products: Potential Health Effects: Eyes: Skin: Ingestion: Inhalation:	Oxidizing agents None Metal oxide fume, Carbon monoxide, Carbon dioxide 11. Toxicological Information Causes serious eye irritation Causes skin irritation May cause irritation May cause irritation Vanadium compounds act chiefly as an irritant to the eyes and respiratory tract. Exposure may cause conjunctivitis, rhinitis and reversible irritation of the respiratory tract. More severe cases may cause bronchitis, bronchospasms and asthma like disease. May cause
Reacts With: Incompatible Conditions: Hazardous Decomposition Products: Potential Health Effects: Eyes: Skin: Ingestion: Inhalation:	Oxidizing agents None Metal oxide fume, Carbon monoxide, Carbon dioxide 11. Toxicological Information Causes serious eye irritation Causes skin irritation May cause irritation May cause irritation May cause irritation Vanadium compounds act chiefly as an irritant to the eyes and respiratory tract. Exposure may cause conjunctivitis, rhinitis and reversible irritation of the respiratory tract. More severe cases may cause bronchitis, bronchospasms and asthma like disease. May cause polycythemia, red blood cell destruction and anemia, albuminuria and
Reacts With: Incompatible Conditions: Hazardous Decomposition Products: Potential Health Effects: Eyes: Skin: Ingestion: Inhalation: Chronic: Signs & Symptoms:	Oxidizing agents None Metal oxide fume, Carbon monoxide, Carbon dioxide 11. Toxicological Information Causes serious eye irritation Causes skin irritation May cause irritation May cause irritation Vanadium compounds act chiefly as an irritant to the eyes and respiratory tract. Exposure may cause conjunctivitis, rhinitis and reversible irritation of the respiratory tract. More severe cases may cause bronchitis, bronchospasms and asthma like disease. May cause polycythemia, red blood cell destruction and anemia, albuminuria and hematuria, gastrointestinal disorders, nervous complaints and severe cough. N/A
Reacts With: Incompatible Conditions: Hazardous Decomposition Products: Potential Health Effects: Eyes: Skin: Ingestion: Inhalation: Chronic: Signs & Symptoms: Aggravated Medical Conditions:	Oxidizing agents None Metal oxide fume, Carbon monoxide, Carbon dioxide 11. Toxicological Information Causes serious eye irritation Causes skin irritation May cause irritation May cause irritation Vanadium compounds act chiefly as an irritant to the eyes and respiratory tract. Exposure may cause conjunctivitis, rhinitis and reversible irritation of the respiratory tract. More severe cases may cause bronchitis, bronchospasms and asthma like disease. May cause polycythemia, red blood cell destruction and anemia, albuminuria and hematuria, gastrointestinal disorders, nervous complaints and severe cough. N/A N/A
Reacts With: Incompatible Conditions: Hazardous Decomposition Products: Potential Health Effects: Eyes: Skin: Ingestion: Inhalation: Chronic: Signs & Symptoms:	Oxidizing agents None Metal oxide fume, Carbon monoxide, Carbon dioxide 11. Toxicological Information Causes serious eye irritation Causes skin irritation May cause irritation May cause irritation Vanadium compounds act chiefly as an irritant to the eyes and respiratory tract. Exposure may cause conjunctivitis, rhinitis and reversible irritation of the respiratory tract. More severe cases may cause bronchitis, bronchospasms and asthma like disease. May cause polycythemia, red blood cell destruction and anemia, albuminuria and hematuria, gastrointestinal disorders, nervous complaints and severe cough. N/A
Reacts With: Incompatible Conditions: Hazardous Decomposition Products: Potential Health Effects: Eyes: Skin: Ingestion: Inhalation: Chronic: Signs & Symptoms: Aggravated Medical Conditions:	Oxidizing agents None Metal oxide fume, Carbon monoxide, Carbon dioxide 11. Toxicological Information Causes serious eye irritation Causes skin irritation May cause irritation May cause irritation Vanadium compounds act chiefly as an irritant to the eyes and respiratory tract. Exposure may cause conjunctivitis, rhinitis and reversible irritation of the respiratory tract. More severe cases may cause bronchitis, bronchospasms and asthma like disease. May cause polycythemia, red blood cell destruction and anemia, albuminuria and hematuria, gastrointestinal disorders, nervous complaints and severe cough. N/A N/A N/A N/A Low

13. Disposal Considerations Dispose of in accordance with local, state, national, and international regulations. 14. Transportation Data				
			Hazardous:	Hazardous as powder only.
				FLAMMABLE SOLID
Hazard Class:	4.1 Flammable solids, self-reactive substances and solid desensitized			
Packing Group:	explosives III			
UN Number:	UN3178			
Proper Shipping Name:	Flammable solid, inorganic, n.o.s. (Vanadium carbide)			
	15. Regulatory Information			
Sec 302 Extremely Hazardous:	No			
Sec 304 Reportable Quantities:	N/A			
Sec 313 Toxic Chemicals:	Yes			
	16. Other Information			

given is based on our knowledge of this product, at the time of publication. It is given in good faith. The attention of the user is drawn to the possible risks incurred by using the product for any other purpose other than that for which it was intended. This does not in any way excuse the user from knowing and applying all the regulations governing his activity. It is the sole responsibility of the user to take all precautions required in handling the product. The aim of the mandatory regulations mentioned is to help the user to fulfill his obligations regarding the use of hazardous products.
